

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- engaging
- informative
- clear examples

- List and elaborate on three things you don't like about my teaching.

- I don't like that you don't finish examples
- I don't like being randomly called on because if I don't know I feel dumb.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4-5 → I'm learning a lot and you have made the material understandable

- Tell me how I can improve as a teacher.

- if you would please not assume that we know certain key steps in examples
- please just continue making it clear as to why you go between different steps.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- You don't skip many steps and take time to show work
- Really enthusiastic and get points across well
- Well-spoken

- List and elaborate on three things you don't like about my teaching.

Nothing at all

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

Nothing, best math teacher I've had K - Present.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

• You are loud and clear when you lecture

~~You are a person~~

- You have a good sense of humor, it makes the class more enjoyable
- You don't go too much into detail; you pick the main points

- List and elaborate on three things you don't like about my teaching.

- Sometimes you assume we know how to do a calculation when we don't (cuz we're business majors)
- Sometimes the lecture's pace is a bit too fast
- ...

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

Grade Inflation Grade Inflation Grade Inflation

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- You very clearly explain the topics at hand - it's always coherent and logical
- You're extremely engaging
- Relatively easy to follow the progression of topics

- List and elaborate on three things you don't like about my teaching.

- Not enough time is spent ensuring that we understand the basic concepts at hand (i.e. what exactly is a separable differential equation)
- It's not always clear what relevance the topics have in a practical setting

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

- Just make sure the class is always following along

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.
- gets the class involved because you can see how much you enjoy math yourself
- I feel comfortable and know I can ask questions I have
- You want everyone to do well in your class
- ★ go over all the examples on the sheet so we fully understand the concepts
- List and elaborate on three things you don't like about my teaching.
- sometimes we don't work through everything step by step or get through everything on the sheet before we do our homework

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

good teacher, sometimes just need to explain things just a little more

Thanks!

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

I honestly like that you don't have an accent
and I like your strong ^{and firm} voice which is hard for
me to fall asleep.

I like your teaching.

- List and elaborate on three things you don't like about my teaching.

- you never solve a single question fully.

please solve at least one example fully.

that way we can perfectly know how to solve it
and expand it to other examples and homework.

- I like your teaching but at first it was kind of difficult
to understand because you solved it different from my
previous question.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

- solve one question thoroughly

Thanks

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- The willingness to explain, and reexplain.
- The availability for office hours.

- List and elaborate on three things you don't like about my teaching.

- Some teaching strategies such as proving theorems are not always helpful.
- Sometimes reiterating the same definition and example does not clarify the confusion.
- The examples we do in class are too easy compared to homework and sometimes having them fully explained would help.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

3 - neither bad nor good.

- Tell me how I can improve as a teacher.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- Vocal
- Funny
- Approachable

- List and elaborate on three things you don't like about my teaching.

Focus too much on theorems rather than the problems we will see in the homeworks. There are many other than that, I prefer you to my 3rd Semester Professor.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

Focus more on the problems.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- Loud and clear voice
- Very understandable
- Willing to help students after class and to answer questions during class

- List and elaborate on three things you don't like about my teaching.

- Sometimes the activity sheets are not helpful in allowing students to understand the HW's.
- Sometimes it's hard to tell why we perform a calculus operation - give some real world uses

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

Teach to the HW's - prepare us for hard HW questions so that tests are easy.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- you allow the class to participate and ask questions
- the basics of a topic are very well covered.
- Allowing us one homework question per class explained ~~it~~ is very helpful.

- List and elaborate on three things you don't like about my teaching.

- when steps are skipped, it is sometimes hard to follow the flow of a problem.
- sometimes the steps are different than I have seen in the past so it is tough to add on to a basic we should already know but don't.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.

- Tell me how I can improve as a teacher.

sometimes working things out on our own is very helpful. We do some of that, but not enough.

Thank you!

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

very clear and not too fast paced

- List and elaborate on three things you don't like about my teaching.

calc isn't my strong point and I get nervous
you are going to call on me without me
raising my hand

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4

- Tell me how I can improve as a teacher.

respond to emails! please!

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- ① For the most part, very clear
- ② Great sense of humor and legit cures you
- ③ Very flexible office hours (it means a lot)

- List and elaborate on three things you don't like about my teaching.

- ① Over explains some easier concepts
- ② Teaches some unnecessary proofs (teach us what's on the tests, NOTHING MORE)

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4
(would be a 5 if you fixed the above 2 issues)

- Tell me how I can improve as a teacher.

- Don't over explain basic common sense things
- Teach us how to do well on tests
- Use more STEP by STEP examples in your lectures

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- good at explaining material
- teach at good speed
- chill / approachable

- List and elaborate on three things you don't like about my teaching.

- Answer questions before student finishes asking (see below)
- messy handwriting, sometimes unclear

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4

- Tell me how I can improve as a teacher.

When people ask questions, sometimes you assume you know what the question is going to be and end up answering the incorrect question

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- clarity of explanations
- answers questions thoroughly
- goes at good pace

- List and elaborate on three things you don't like about my teaching.

- assume I understand things that I don't
- finish questions whole way through
- better review for test

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

Better Test review sessions

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- you clearly explain all the problems → I can follow along with the worksheets
- funny
- you always take questions + make sure people can work through things - give us time to do problems in class

- List and elaborate on three things you don't like about my teaching.

- finish more problems all the way through instead of assuming we know what were doing
- sometimes run a little late
- better review before the test

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

I think everything is good I'm understanding the material

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- Energized - keeps us engaged
- Class interaction - keeps us engaged
- Understandable - make it clear and concise

- List and elaborate on three things you don't like about my teaching.

- Sometimes too energized - may make people nervous & ask questions
- Need context - explain why not just how
- slow down

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4

- Tell me how I can improve as a teacher.

address these

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- Speak loudly & clearly. — very straight forward in your teaching
- Writes out problems & formulas on board
- Very available for office hours & day before tests... review session.

- List and elaborate on three things you don't like about my teaching.

- I only like to learn **1** way to solve a problem, learning multiple ways confuses me
 - When you do half of the problem and don't finish it
 - You could go a little deeper in your explanations in lecture.
- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4

- Tell me how I can improve as a teacher.

- Go through the exact steps of each process we learn.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- speaks clearly
- dedicates a lot of time if questions arise.
- very helpful

- List and elaborate on three things you don't like about my teaching.

- Sometimes messy on board, hard to understand.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

Sometimes writes unnecessary things on board
& time is wasted.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- 1.) Understandable \rightarrow I can understand what you're saying.
- 2.) Available \rightarrow You're willing to help us learn outside of class
- 3.) Funny \rightarrow Good attitude

- List and elaborate on three things you don't like about my teaching.

- Finish the problems fully sometimes instead of assuming we can
- Sometimes you run a little late with class
- ?

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

- Tell us when the online quizzes are due/ Remind us in class.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- 1) I like how you follow the activity sheets and break the lecture down into parts
- 2) You're obviously a very smart guy, but you never blow off the basic/easy stuff
- 3) You do a really good job of telling whether we're hung up on something
- 4) Good sense of humor & keeping lectures fairly interesting

- List and elaborate on three things you don't like about my teaching.

- 1) When working a problem, the hard part is often in the tedious work and you skip this. I understand it's for time purposes though.
- 2) Move a little fast sometimes, it can be difficult to keep up.
- 3) Just solving problem sets is sort of shallow learning

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

Overall one of the better math teachers I've had. Way better than my 10250 professor.

- Tell me how I can improve as a teacher.

Slow down the steps occasionally & definitely move slower on days where brand new concepts are introduced.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

→ accessibility: very open to changing office hours and being available to help
→ passion: enjoys what he's teaching
→ preparation: aware of what is going on

- List and elaborate on three things you don't like about my teaching.

→ a little messy in organizing problems on chalkboard
→ digresses sometimes to unnecessary matters

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

3.75

- Tell me how I can improve as a teacher.

→ be a little more objective in explaining things to avoid digressions

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

→ Time and pace of lecture are great. Easy to follow.

→ Voice volume is great.

→ There is a lot of time for questions.

- I liked the review sheet for the test.
- There is a lot of help for the class.

- List and elaborate on three things you don't like about my teaching.

→ Some homework problems are much more complicated than what was looked in class.

→

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

3-8

- Tell me how I can improve as a teacher.

Sometimes, I feel like you talk to us if we were little kids. We are college students, it's not a big issue but it would help you to gain more respect.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

You put the time in to explain the material

- List and elaborate on three things you don't like about my teaching.

A lot of the explanation is hard to follow and some of your methods do not mesh with what I have been taught in the past.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

3

- Tell me how I can improve as a teacher.

A better explanation towards the level of a freshman undergraduate and not that of someone with an extensive background. I have had 3 years of calc and I still do not follow some of your reasoning.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

I like the way you project, It helps me stay focused,
Overall like the teaching style,
Very clear,

- List and elaborate on three things you don't like about my teaching.

So far so good,

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4, 5

- Tell me how I can improve as a teacher.

I like how things are going.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- your notes are very concise and easy to follow ^{also organized}
- you are very approachable when I have questions or don't understand
- You involve the class when we do activity sheets - it's easier to learn

- List and elaborate on three things you don't like about my teaching.

- On some problems, you set them up but don't walk through step by step.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.8

- Tell me how I can improve as a teacher.

- for new concepts, maybe do 1 or 2 problems step-by-step at least at the beginning
↳ this makes it more like homework

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

1. You are upbeat and genuine.
2. You have a passion for what you are teaching and are very down to earth.
3. You understand when students make mistakes.
(in forgetting the last 2 questions on a test and effectively dropping their grade from an 86 to a 66)

- List and elaborate on three things you don't like about my teaching.

1. I don't like the Activity sheets. They are unnecessary.
2. Sometimes you may skip a step that not everyone does.
3. There are problems that we don't finish completely but that's just my preference. I understand why it is necessary.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

Maybe change something up every once in a while. It seems that every class is the same. This is probably out of your control however.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

1. speaks good English
2. relaxed

- List and elaborate on three things you don't like about my teaching.

1 Homework
2. Occasionally will skip the small parts of a problem to focus on the big concept, but at least sometimes the small parts are important
3. Get so into problem the boards are shaking

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

• Assign less homework

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- Willingness to meet / availability
- Your expressed belief in a lenient grading policy
- You speak in a loud, clear voice

- List and elaborate on three things you don't like about my teaching.

- When you write at the board, you stand directly in front of what you are writing, making it impossible to see what is on the board, making it easy to fall behind in note-taking
- In general, you are still going way too fast

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

3 friendly & available, but confusing at times

- Tell me how I can improve as a teacher.

- When a student begins to ask a question, don't cut them off and begin to answer it before they have finished speaking. A good example is the issue with the damping factor that arose in class and the resulting confusion.

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- plenty of examples
- fairly clear
- very willing to help

- List and elaborate on three things you don't like about my teaching.

- sometimes go into too much depth, focusing on smaller details rather than the bigger picture

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4

- Tell me how I can improve as a teacher.

- focus less on the basic concepts we already know and spend more time explaining the harder concepts

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- office hours
- doesn't make us feel dumb for not knowing things
- has time for questions we may have

- List and elaborate on three things you don't like about my teaching.

- even when we are not in review mode, I think you go fast sometimes and skip steps in calculations that can make it confusing
- calling on random people to answer questions

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4.5

- Tell me how I can improve as a teacher.

you can more slowly introduce new terms like \mathbb{R}^+

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

very clear explanation

organized notes

enough examples

- List and elaborate on three things you don't like about my teaching.

~~not~~ sometimes too fast to follow

not enough emphasis on the formulas & definitions

better explain the old homework

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

5

- Tell me how I can improve as a teacher.

you're really good! 😊

maybe spend more time with the students after class

Evaluation of David Karapetyan
Your Math 10260 Professor

- List and elaborate on three things you like about my teaching.

- You follow a relatively logical train of thought and follow the worksheet, which helps my comprehension of the material
- During office hours, you make us work out the problems and doing so you make us prove we understand it instead of just assuming we do.

- List and elaborate on three things you don't like about my teaching.

- Frequently you get to a certain point when the rest of the problem solving seems simple to you, but sometimes working it out all the way, at least the first time, would be helpful.
- Office hours are inconvenient because sometimes I don't know if I understand it until I work out a couple problems which I can't do between class + office hours the way they are now.

- Please rate my teaching on a scale of 1 (poor) to 5 (excellent).

4 - I understand the material mostly, but there is room to improve as well.

- Tell me how I can improve as a teacher.

See second question
